Know Where to go for Care

Get the Right Care at the Right Place

Make sure you know where to get medical care when you need it. If you get sick or hurt, you have many options to get the care you need.

PRIMARY CARE PROVIDER (PCP)

Your PCP is your main provider. If your condition isn't life threatening, calling your PCP should be your first choice.

Call your PCP if you need:

- Help with colds, the flu, or fever.
- Care for ongoing health issues like asthma or diabetes.
- An annual wellness exam.
- Vaccines.
- General advice about your overall health.

NURSE ADVICE LINE

Our Nurse Advice Line is here for you 24 hours a day, seven days a week. Call **1-833-752-1665** (TTY: **711**) to talk to someone who can answer questions about your health. They can also help you decide where to go for care.

Call the Nurse Advice Line if you need:

- Help knowing if you should go to urgent care or wait to see your PCP.
- Help caring for a sick child.
- Answers to questions about your health.

URGENT CARE CENTER

Urgent care centers help treat illnesses or injuries that aren't life threatening but can't wait until the next day. If your PCP's office is closed, an urgent care center can give you fast, hands-on care. Urgent care centers can also offer shorter wait times than the ER.

Go to an in-network urgent care center for:

- Sprains.
- Ear infections.
- High fevers.
- Flu symptoms with vomiting.

EMERGENCY ROOM (ER)

Anything that could endanger your life (or your unborn child's life, if you're pregnant) without immediate medical attention is considered an emergency situation. Emergency services treat accidental injuries or the onset of what may be a life-threatening medical condition.

Go to the ER if you have:

- Broken bones.
- Bleeding that won't stop.
- Labor pains or other bleeding (if you're pregnant).
- Severe chest pains or heart attack symptoms.
- Stroke symptoms, such as slurred speech, facial drooping, or arm numbness.
- Overdosed on drugs.
- Eaten poison.
- Bad burns.
- Convulsions or seizures.
- Trouble breathing.
- The sudden inability to see, move, or speak.
- Gun or knife wounds.
- Self-harm that needs medical attention.

Although some things may seem like an emergency at the time, you should only use the ER if it is a true emergency.

Avoid the ER and call your PCP, the Nurse Advice Line, or an urgent care center for things like:

- A cold, sore throat, ear ache, or the flu.
- Sprains or strains.
- Cuts or scrapes that don't need stitches.
- Medicine or prescription refills.
- Diaper rash.

MENTAL HEALTH CRISIS SERVICES

Mental health crisis services help individuals who are having a mental health crisis, which is any situation in which a person's behavior could put them at risk of hurting themselves or others.

Call or text the Suicide & Crisis Lifeline at **988** if you are having:

- A panic attack.
- Extreme depression or anxiety.
- Drug or alcohol problems.
- Thoughts about suicide.
- Thoughts of wanting to harm yourself or others.

Your Care When You Change Health Plans or Doctors

- ✓ If you choose to leave SoonerSelect Children's Specialty Program, we will share your health information with your new plan. You can finish receiving any services that have already been authorized by your previous health insurance or SoonerCare, even if the provider you are seeing is an out-of-network provider. Prior authorizations will be honored until the services are used or until 90 days after your new plan benefits begin, whichever comes first. After that, we will help you find a provider in our network to get any additional services if you need them.
- ✓ If you are pregnant when you join SoonerSelect Children's Specialty Program, you can continue the care that you were receiving before you joined our plan. You can continue seeing your doctor even if he or she is an out-of-network provider.
- ✓ If you are receiving chemotherapy or radiation treatment, dialysis, major organ or tissue transplant services, bariatric surgery, Synagis treatment, medications for hepatitis C treatment or if you are terminally ill, when you change plans you can continue your current treatment plan.
- ✓ Children receiving private duty nursing services will continue to receive these services. These services will only change if we perform a new assessment and determine your child needs different services.
- ✓ We will continue to cover your out-of-state services and/or meals and lodging assistance if it is already being received from SoonerCare when you join our plan.
- ✓ If you are receiving services for hemophilia, those services will continue being provided by your current hemophilia providers for up to 90 days even if the provider is out-of-network. After 90 days, we can help you find a network provider.
- ✓ If you are on a current treatment plan and receiving behavioral health services, you may keep seeing your current behavioral health treatment provider(s) for up to 90 days, even if the provider is out-of-network. After 90 days, we can help you find a network provider.

- ✓ If you are waiting for durable medical equipment (DME) or supplies authorized and ordered prior to joining our plan, we will help you to receive these items on time.
- ✓ If your PCP leaves Oklahoma Complete Health, we will tell you in writing within 15 days from when we know about this. We will tell you how you can choose a new PCP, or we will choose one for you if you do not make a choice. For those members who are receiving treatment for a chronic or ongoing medical condition, the SoonerSelect Children's Specialty Program will ensure that there is no disruption in services. Depending on your specific situation, changing your PCP may cause some of your services to change. You can find out more about changing your PCP by calling member services at **1-833-752-1665** (TTY: **711**).
- ✓ If you are transitioning out of Foster Care or Juvenile Services, the SoonerSelect Children's Specialty Program will provide support in many areas, which may include finding a place to live, completing education, locating medical and/or behavioral health providers, managing money and getting a job.
- ✓ We will monitor the age status of children and youth, to assist those approaching age thresholds that will affect their coverage or eligibility by utilizing our a2A (Adolescence to Adulthood) program that provides wraparound supports and education for transitioning youth. If you would like to get Foster Care related specialist, call **1-833-752-1665** (TTY: **711**) and ask to speak with a Care Manager.

Your request must be in writing, and it must explain why the information should be amended. If we deny your request, we will provide you a written explanation. You may respond with a statement that you disagree with our decision and we will attach your statement to the PHI you request that we amend. If we accept your request to amend the information, we will make reasonable efforts to inform others, including people you name, of the amendment and to include the changes in any future disclosures of that information.
